

YB12 Classic Program

How to Have Your Best Year Ever

If you've ever wanted to make more progress and get more done in your life than you have in any other 12-month period, then the YB12 Classic Program will help you achieve exactly that. With YB12, you can literally transform all areas of your life in 12 months:

- Your Finances
- Your Health
- Your Relationships
- Your Career.

You owe it to yourself to grow personally, developing your life skills and having the best year of your life. Our YB12 Classic Program will make sure you achieve what it is you want. Imagine defining exactly what you want to achieve over the next 12 months, setting the major goals to achieve what you want. Then, having a step-by-step plan (we call them micro steps) to get there faster than you can imagine. You will have your private YB12 Coach to make sure you stay focused.

With this in place, you will absolutely achieve more in the next 12 months than you would normally achieve in 3-5 years.

YB12 Total Focus Workshop

Create the Future You Want for Yourself

The Total Focus Workshop has been designed to help you eliminate the negatives in your life and give you the means to create the future you want for yourself. The workshop centres on the way you think, what you think, the way you feel, and the way you act and do not act.

Total Focus is covered over two half-day workshops. The focus is on mastering your mind and your emotions to help you think above the crowd. During the two sessions and the intervening week, you will be encouraged to contemplate various aspects of your life. This is a prelude to the climax of the seminars – the practical use of the action planning system for the 90-day challenge. This will enable you to do more, be more and have more in the next 90 days than in any other 90-day period in your life. As Ralph Waldo Emerson said, 'Do the thing and you will have the power.'
